### **Urban Lite Touring The ALL-NEW KYMCO X-Town CT 125**

---

KYMCO will release the all-new X-Town CT 125 at EICMA 2018. This all-new model with outstanding, high-performance output and convenient components offers riders more fun when leisure riding, commuting and simply traveling from place to place.

The all-new X-Town CT 125 enjoys a new design concept which fully integrates dynamic, dependable, sophisticated and luxurious elements. Texture lines create a strong sporty appearance to emphasize ones' lifestyle. Reflector LED headlight embedded with wing-shaped daytime running lights reflect the scooter's confident mindset. Guiding LED lights outline the beautiful rear tail and produce an alluring silhouette. The LED lighting system makes the all-new X-Town CT 125 a shining star in the night while at the same time enhances recognition and riding safety in any weather condition. With regards to comfort and multi-purpose features, the all-new X-Town CT 125 has some practical designs: a flat footrest, a wider backrest and seat, a large capacity storage trunk large enough for a full-face helmet, and a seat that opens very wide. These designs provide riders with comfortable riding and storage convenience.

In addition to the advantageous designs previously mentioned, the all-new X-Town CT 125 is also equipped with a number of convenient and user-friendly innovations; the passenger foot pegs are freed by pushing, the USB connector is positioned conveniently below the dashboard, and a 12V charging slot is also installed in the trunk.

The all-new X-Town CT 125 is equipped with a 124.8cc 4V liquid-cooled engine with a fuel injection system which fully complies with Euro 4 regulation. After proper tuning, the maximum horsepower output is 10.5kW/9,000rpm, and the peak torque is 11.2Nm/7,000rpm. The performance is smooth and provides more than enough power for general commuting and traveling. Also the

acceleration will definitely surpass every rider's expectations. In addition, the all-new X-Town CT 125 is equipped with a front and rear disc brake system, 13 inch aluminum alloy rims, CBS(Combined Braking System), and a high rigidity frame, which when combined together, enable riders to expertly handle the vehicle.

Being a city cruiser, KYMCO's all-new X-Town CT 125 gives you option of using it for any number of roles in your daily riding life. No matter where a rider rides the scooter, whether it be in the city, the suburbs, commuting, or for leisure, the all-new X-Town CT 125 is definitely the best choice.
